

## Dragon Skin

Dragon Skin set

Dragon Skin:0.8kg Hardener:200g

Thinner:450g

### Operation Manual

Thank you for choosing ShowUp.

Dragon Skin is a custom coating and we recommend that you learn coating this color before the actual coating.

1. Take the surface preparation as usual. Take a choice the number within of 500~800 of sandpapers for finishing the surface preparation.
2. First, clean up the surface with a degreasing agent. Second, apply Dragon Skin lightly and take an interval for 3 – 5minutes and apply it again. The second coating has to be thicker than 1<sup>st</sup> one. Please be careful to paint not to come out uneven colors. And you can see dragon patterns.
3. In case if you have a forced drying equipment, please put the temperature at 60 for thirty minutes to dry the surface. Then the surface has to dry out for more than 12 hours under normal temperature. You leave the surface for a couple of days and it has to dry out completely if you don't have a forced drying equipment. Then apply Top Coat Clear when the surface completely dries out. However any troubles come out if it doesn't dry out completely so the important point is what the surface has to dry out completely before applying Top Coat Clear.
4. Polishing the surface as always after Top Coat Clear drying out and all is done.

Dragon Skin	Hardener	Thinner
100g	25g	10~20% of Dragon Skin

#### Cautions

When you handle this product, make sure to use rubber gloves and glasses to protect your skin and eyes.
